

**DEPARTMENT OF ENVIRONMENT, FORESTRY AND FISHERIES****NO. 1003****18 SEPTEMBER 2020****NATIONAL ENVIRONMENTAL MANAGEMENT: BIODIVERSITY ACT, 2004  
(ACT NO. 10 OF 2004)****ALIEN AND INVASIVE SPECIES LISTS, 2020**

I, Barbara Dallas Creecy, Minister of Forestry, Fisheries and the Environment, hereby publish the following Alien and Invasive Species lists in terms of sections 66(1), 67(1), 70(1)(a), 71(3) and 71A of the National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004) as set out in the Schedule hereto.

**BARBARA DALLAS CREECY  
MINISTER OF FORESTRY, FISHERIES AND THE ENVIRONMENT**

|                                                                                     |
|-------------------------------------------------------------------------------------|
| <b>NOTICES AND LISTS IN TERMS OF SECTIONS 66(1), 67(1), 70(1)(a), 71(3) and 71A</b> |
|-------------------------------------------------------------------------------------|

**Notice 1:** Notice in respect of Categories 1a, 1b, 2 and 3, Listed Invasive Species, in terms of which certain Restricted Activities are prohibited in terms of section 71A(1); exempted in terms of section 71(3); require a Permit in terms of section 71(1)

**Notice 2: Exempted Alien Species** in terms of section 66(1).

**Notice 3: National Lists of Invasive Species** in terms section 70(1).

|          |                                                                     |  |
|----------|---------------------------------------------------------------------|--|
| List 1:  | National List of Invasive Terrestrial and Fresh-water Plant Species |  |
| List 2:  | National List of Invasive Marine Plant Species                      |  |
| List 3:  | National List of Invasive Mammal Species                            |  |
| List 4:  | National List of Invasive Bird Species                              |  |
| List 5:  | National List of Invasive Reptile Species                           |  |
| List 6:  | National List of Invasive Amphibian Species                         |  |
| List 7:  | National List of Invasive Fresh-water Fish Species                  |  |
|          | National List of Invasive Marine Fish Species                       |  |
| List 8:  | National List of Invasive Terrestrial Invertebrate Species          |  |
| List 9:  | National List of Invasive Fresh-water Invertebrate Species          |  |
| List 10: | National List of Invasive Marine Invertebrate Species               |  |
| List 11: | National List of Invasive Microbial Species                         |  |

**These notices must be read together with the Alien and Invasive Species Regulations. Any word or phrase defined in the Alien and Invasive Species Regulations shall have the same meaning in these notices.**

**These notices shall take effect 30 days from date of publication in the Gazette.**

**These notices replace and repeal any Alien and Invasive Species lists published under the Act including Government Gazette 40166 Notice 864 of 29 July 2016.**

## NOTICE 1:

**NOTICE IN RESPECT OF CATEGORIES 1a, 1b, 2 AND 3 LISTED INVASIVE SPECIES, IN TERMS OF WHICH CERTAIN RESTRICTED ACTIVITIES ARE PROHIBITED IN TERMS OF SECTION 71A(1); EXEMPTED IN TERMS OF SECTION 71(3); REQUIRE A PERMIT IN TERMS OF SECTION 71(1)**

Where the scientific name of any listed species changes or there is a spelling error in the scientific name, the common name of the species takes precedence and determines whether a particular species is listed or not.

In respect of Categories 1a, 1b, 2 and 3 Listed Invasive Species, certain Restricted Activities are—

- (a) Prohibited in terms of section 71A(1);
- (b) exempted in terms of section 71(3); or
- (c) require a Permit in terms of Chapter 7, and must be read with the lists in Notice 3.

“**catchment**”, in relation to a watercourse or watercourses or part of a watercourse, means the area from which any rainfall will drain into the watercourse or watercourses or part of a watercourse, through surface flow to a common point or common points;

“**cultivation**”, in relation to land, means any act by means of which the topsoil is disturbed mechanically;

“**discrete catchment systems**” means all inland water bodies, whether fresh or saline, including rivers, lakes, dams, wetlands and estuaries, that are within a catchment that is separated from other catchments;

“**untransformed land**” means land that has not been altered from its natural state, or land that is used for natural grazing, and includes land in its natural state that has been degraded by factors such as soil erosion, over-grazing, over-burning, flooding, invasive species and bush encroachment; and

“**watercourse**” shall have the meaning assigned to it in the National Water Act, 1998 (Act No. 36 of 1998).

**General exemption of listed invasive species:**

1. All dead specimens of any listed invasive species are exempted from requiring a Permit for any restricted activity.
2. Notwithstanding any prohibition in Notice 1 or Notice 3 below, but subject to paragraph 1 above, any person in possession of a listed invasive plant species which is being utilised as biomass is hereby exempted from requiring a permit for and may undertake the restricted activities of—
  - (a) conveying, moving or otherwise translocating any specimen of a listed invasive plant species; and
  - (b) selling or otherwise trading in, buying, receiving, giving, donating or accepting as a gift, or in any way acquiring or disposing of any specimen of a listed invasive plant species,
 on the condition that the person complies with any norms and standards relating to biomass, published in terms of the Act.

3. Notwithstanding any prohibition in Notice 1 or Notice 3, any person conveying, moving or otherwise translocating any specimen of a listed invasive plant species for disposal or treatment as waste, is hereby exempted from requiring a permit for and may undertake such restricted activity, provided such person complies with any norms and standards relating to disposal of listed invasive species, published in terms of the Act.
4. Notwithstanding any prohibition in Notice 1 or Notice 3 below, any authorised official, is hereby exempted from requiring a permit for and may undertake any restricted activity necessary to perform their functions in terms of the Act or the National Environmental Management Act.
5. An extension to a plantation is exempted from undertaking a risk assessment in terms of section 71(2) of the Act, prior to applying for a permit in terms of the Act and Alien and Invasive Species Regulations, 2020, provided the application for an environmental authorisation in terms of the National Environmental Management Act included an invasive species risk assessment.

**Note that the species-specific exemptions and prohibitions in Notice 3 take precedence over Notice 1, in the event of any conflict.**

| Restricted Activities as defined in the Act      |                                                                                                                                                                                                                 | Category 1a | Category 1b | Category 2      | Category 3 |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|-------------|-----------------|------------|
| a.                                               | Importing into the Republic, including introducing from the sea, any specimen of a listed invasive species.                                                                                                     | Prohibited  | Prohibited  | Permit Required | Prohibited |
| b.                                               | Having in possession or exercising physical control over any specimen of a listed invasive species.                                                                                                             | Exempted    | Exempted    | Permit Required | Exempted   |
| c.                                               | Growing, breeding or in any other way propagating any specimen of a listed invasive species, or causing it to multiply.                                                                                         | Prohibited  | Prohibited  | Permit Required | Prohibited |
| d.                                               | Conveying, moving or otherwise translocating any specimen of a listed invasive species.                                                                                                                         | Prohibited  | Prohibited  | Permit Required | Prohibited |
| e.                                               | Selling or otherwise trading in, buying, receiving, giving, donating or accepting as a gift, or in any way acquiring or disposing of any specimen of a listed invasive species.                                 | Prohibited  | Prohibited  | Permit Required | Prohibited |
| Restricted Activities as defined in Regulation 6 |                                                                                                                                                                                                                 |             |             |                 |            |
| f.                                               | Spreading or allowing the spread of any specimen of a listed invasive species.                                                                                                                                  | Prohibited  | Prohibited  | Permit Required | Prohibited |
| g.                                               | Releasing any specimen of a listed invasive species.                                                                                                                                                            | Prohibited  | Prohibited  | Permit Required | Prohibited |
| h.                                               | The transfer or release of a specimen of a listed invasive fresh-water species from one discrete catchment system in which it occurs, to another discrete catchment system in which it does not occur; or, from | Prohibited  | Prohibited  | Permit Required | Prohibited |

|                                                                                                                                                                                                           |                     |                     |                        |                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|---------------------|------------------------|---------------------|
| <p>within a part of a discrete catchment system where it does occur to another part where it does not occur as a result of a natural or artificial barrier.</p>                                           |                     |                     |                        |                     |

## NOTICE 2:

## NOTICE IN TERMS OF SECTION 66(1) – EXEMPTED ALIEN SPECIES

1. The following categories of alien species that are within the Republic when this Notice comes into effect, are exempted from the provisions of section 65(1) of the Act:
  - a. Dead specimens of any alien species, including:
    - (i) dead specimens imported, kept, or removed from one area to another as taxonomic reference specimen; and
    - (ii) dead specimens used as derivatives in products, including food, cosmetics and detergents.
  - b. Subject to e, any alien species that has been legally introduced into the Republic, or was introduced into the Republic prior to any legal requirement for such introduction, for agricultural purposes, and any new cultivar, variety, or hybrid of any species legally imported for agricultural purposes (excluding those which are already listed as invasive).
  - c. Subject to e, any alien species, other than an alien species introduced for agricultural purposes as contemplated in paragraph (b) above, that has been legally introduced into the Republic, or was introduced into the Republic prior to any legal requirement for such introduction, prior to the commencement of this Notice.
  - d. Any invasive species listed in terms of section 70(1)(a) of the Act.
  - e. All alien fresh-water fish, except for the release of alien freshwater fish into rivers, wetlands, natural lakes and estuaries.
2. The exemptions in paragraph 1 above, do not apply to the *Diceros bicornis michaelsi* (Zukowsky, 1965) (common name, Eastern Black Rhinoceros (Kenya)) and the provisions of section 65(1) of the Act apply, until the species is listed as a protected species with the commencement of Government Notice 627 in *Government Gazette* 43386 of 3 June 2020.
3. The following categories of alien species that are not within the Republic when this Notice comes into effect and comes into the Republic from outside of the Republic are exempted from the provisions of section 65(1) of the Act:
  - a. Any alien species that-
    - (i) has been subjected to a risk assessment and authorised for importation in terms of the Act; and
    - (ii) is listed in a register of alien species legally imported into the Republic for the first time after the date of publication of the Alien and Invasive Species Regulations, 2014 and this Notice, which register is established and maintained by the Institute.
  - b. Dead specimens of any alien species including:
    - (i) dead specimens imported, kept, or removed from one area to another as taxonomic reference specimens; and
    - (ii) dead specimens used as derivatives in products, including food, cosmetics and detergents.
  - c. Any invasive species listed in terms of section 70(1)(a) of the Act.

## NOTICE 3:

## NATIONAL LIST OF INVASIVE SPECIES IN TERMS SECTION 70(1)(a)

In this Notice and where elsewhere referred to in this Government Notice:

“**dormant plantation**” means a plantation that has not been operational, functioning as a plantation or does not have a valid authorisation in terms of section 22(1)(a) or (b) of the National Water Act, 1998 (Act No. 36 of 1998) for a period of 10 years and where no reasonable attempt has been made to clear any listed invasive species from that location;

“**exempted for an existing plantation**” means an existing plantation is exempted from requiring a permit for that specific species for any restricted activity in terms of the Act or the Alien and Invasive Species Regulations, 2014;

“**existing plantation**” means any plantation which was operational, functioning and authorised to grow a specific listed invasive species in terms of section 22(1)(a) or (b) of the National Water Act, 1998 (Act No. 36 of 1998) when this Notice comes into effect and does not include:

- (a) any extension to a plantation;
- (b) any new plantation; or
- (c) any dormant plantation,

which is established or recommissioned after the commencement of this Notice;

“**extension to a plantation**” means the increase of the area of a plantation beyond the limits, area or location specified in—

- (a) a permit issued in terms of the Act or the Alien and Invasive Species Regulations, 2014; or
- (b) an authorisation in terms of section 22(1)(a) or (b) of the National Water Act, 1998 (Act No. 36 of 1998); and
- (c) the size of such extension will trigger the requirement to obtain an environmental authorisation in terms of the National Environmental Management Act; and

“**urban area**” means the area within the proclaimed urban edge, as delineated in the Municipal Spatial Development Framework in terms of the Spatial Land Use Management Act, 2013 (Act No. 16 of 2013).

## List 1: National list of Invasive Terrestrial and Fresh-water Plant Species

| NO. | SPECIES                                                              | COMMON NAME                        | CATEGORY / AREA | SCOPE OF EXEMPTION FROM THE PROVISIONS OF SECTION 71(3) / PROHIBITION IN TERMS OF SECTION 71A(1) |
|-----|----------------------------------------------------------------------|------------------------------------|-----------------|--------------------------------------------------------------------------------------------------|
| 1.  | <i>Acacia adunca</i> A.Cunn. ex G.Don                                | Cascade wattle, Wallangarra wattle | 1a              |                                                                                                  |
| 2.  | <i>Acacia baileyana</i> F.Muell.                                     | Bailey's wattle                    | 3               |                                                                                                  |
| 3.  | <i>Acacia cyclops</i> A.Cunn. ex G.Don                               | Red eye                            | 1b              |                                                                                                  |
| 4.  | <i>Acacia dealbata</i> Link                                          | Silver wattle                      | 2               |                                                                                                  |
| 5.  | <i>Acacia decurrens</i> Willd. and hybrids, varieties and selections | Green wattle                       | 2               | Exempted for an existing plantation.                                                             |

| NO. | SPECIES                                                                                                   | COMMON NAME                       | CATEGORY / AREA                                                                                                                                                                                                                                                        | SCOPE OF EXEMPTION FROM THE PROVISIONS OF SECTION 71(3) / PROHIBITION IN TERMS OF SECTION 71A(1) |
